Batch: L11

Web Application Development Lab **Assignment 2 A**

Step 1) Login to Your GitHub Account

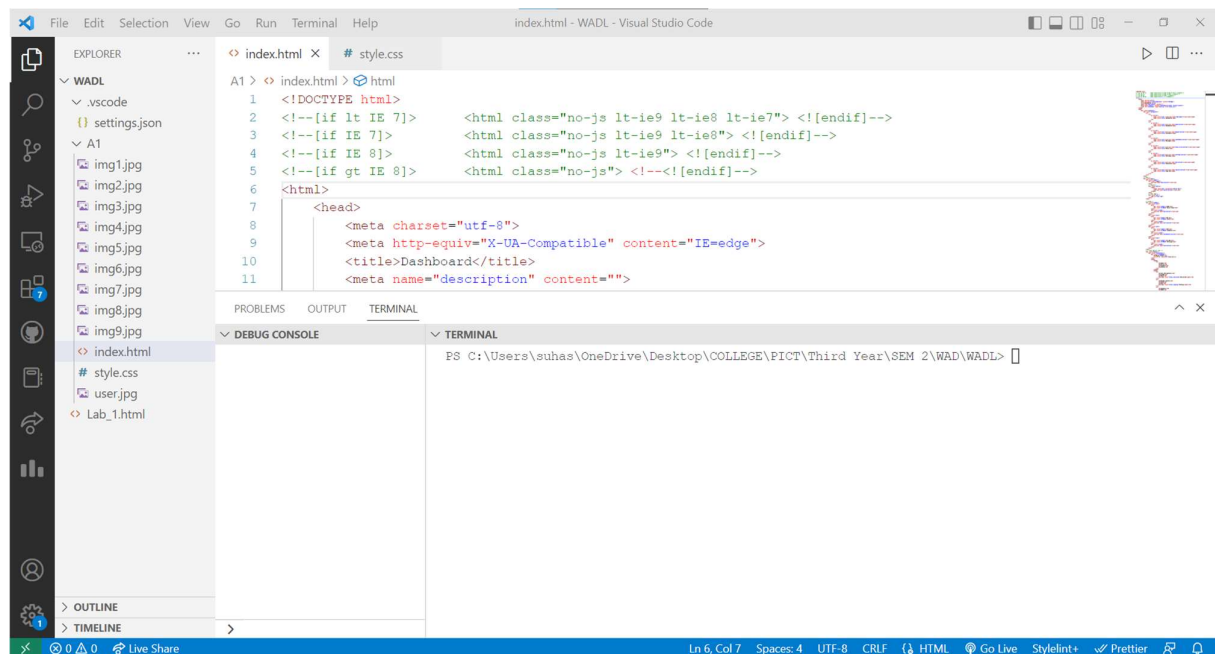

Step 2) Create a new repository. And set the repository on Private (so that only you can decide who can commit)

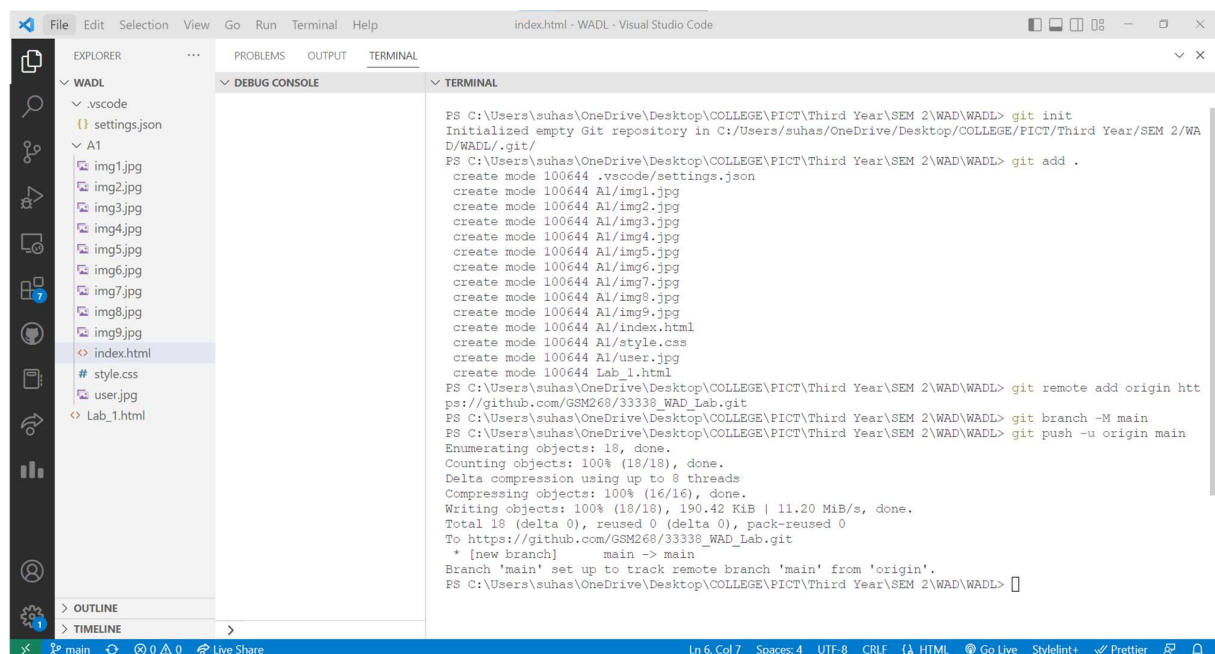

Name: Gargi Mhaskar
Roll No.: 33338
Batch: L11

Step 3) Open the VS Code folder that you have to push on to the git repository

Step 4) Then open the new terminal and give the following commands:

1. `git init`
2. `git add .`
3. `git commit -m "first commit"`
4. `git remote add origin`
5. `git push -u origin master`

Name: Gargi Mhaskar

Roll No.: 33338

Batch: L11

Step 5) After this we have successfully created a git hub repository and pushed a folder.
